

Clutch Academy Website Revamp Brief

Prepared for: Scott + AI Development Agent

Target Launch: July 20, 2026

Project Goal

Transform Clutch Academy from a single-page website into a premium, SEO-focused website that builds trust and converts visitors into paying students.

Primary goals:

- **Improve SEO with dedicated landing pages for each lesson/package.**
- **Improve Google Ads performance through highly relevant landing pages and sitelinks.**
- **Maintain the clean, premium Clutch Academy aesthetic while adding richer content.**
- Increase trust so visitors feel comfortable booking and paying online.

Overall Philosophy

Reduce uncertainty. Every page should answer:

- Can I actually learn manual?
- Will I feel judged?
- Is it worth paying before meeting the instructor?

The site should consistently communicate:

- Calm
- Professional
- Beginner-friendly
- Premium
- Toronto-based
- Real, personable instruction

Priority Item – Price & Lesson Duration Notice (Implement ASAP)

This is the highest-priority item of the website refresh and should be completed as soon as possible.

I want visitors to be aware of an upcoming pricing and lesson duration change **before August 1** so there are no surprises. This announcement should be live as soon as possible, even if the full website redesign is still in progress.

Notice Requirements

Please add a **site-wide announcement banner** (or another highly visible notice) that appears across the website.

Suggested copy:

🔊 **Effective August 1:** All lessons will increase from **60 minutes to 75 minutes**, giving students 25% more time behind the wheel. New pricing will also take effect on August 1. **Book before August 1 to lock in current pricing.**

The notice should include a clear **"Book Now"** button or link directing visitors to the booking page.

Current Pricing (Until July 31)

- Individual Lesson: **\$90 + HST**
 - 3-Lesson Package: **\$240 + HST**
 - 5-Lesson Package: **\$400 + HST**
 - 2-Hour Group Lesson: **\$180 + HST**
-

New Pricing (Effective August 1)

- **75-Minute Individual Lesson: \$109 + HST**
 - **Manual Foundations Package (3 Lessons): \$299 + HST**
 - **Complete Manual Confidence Package (5 Lessons): \$469 + HST**
 - **2.5-Hour Group Lesson: \$219 + HST**
-

Website Changes on August 1

On August 1 (or immediately beforehand), update the website to reflect the new offering:

- All private lessons become **75 minutes** instead of 60 minutes.
 - Update pricing across the entire website.
 - Update all lesson descriptions and package pages.
 - Update FAQs and any references to lesson duration.
 - Update Calendly descriptions (where applicable).
-

Goal

The purpose of this notice is to:

- Give existing and prospective customers advance notice of the change.
- Encourage bookings before August 1 by highlighting that current pricing is still available.
- Frame the update as an **enhanced premium offering**, with **25% more lesson time** and more value for students.

Homepage

Keep the homepage clean and visually striking. Its role is to introduce Clutch Academy, build trust, showcase reviews, introduce Sam, and guide visitors toward dedicated package pages rather than explaining every service in detail.

About Page

Replace the current 'what I do' copy with a more personal story.

Core messaging:

- Why Clutch Academy was started.
- Learning manual can feel intimidating.
- Lessons are calm, patient and judgment-free.
- Real Toronto roads.
- Tailored to each student's pace.
- Goal is confidence, not just passing a lesson.

Add:

- 'Why Students Choose Clutch Academy' icon section.
- 'What Lessons Are Really Like' section using common student fears and how they're overcome.

Dedicated Landing Pages

Create one page for each package:

1. Individual Lesson

- Best for refreshers
- Great first introduction

- Explain who it's for
- FAQs
- Reviews
- CTA

2. Manual Foundations Package (3 Lessons)

- Lesson 1: Clutch control, bite point, starts/stops.
- Lesson 2: Traffic, intersections, hill starts.
- Lesson 3: Independent driving, smoother shifting.
- Ideal for complete beginners.

3. Complete Manual Confidence Package (5 Lessons)

- Downtown driving
- Highway merging
- Rush-hour traffic
- Advanced hill starts
- Parking
- Personalized coaching
- Position as the premium flagship offering.

4. Group Lessons

- Learn alongside a friend.
- Fun, supportive environment.
- Explain both 1-hour and 2-hour options.

SEO Strategy

Each page should target a unique keyword and include:

- Optimized title tag
- Meta description
- H1-H3 structure
- Internal links
- Image alt text
- Relevant calls-to-action

Future content ideas:

- Stick Shift Lessons Toronto
- Learn Manual in Toronto
- Manual Driving Refresher
- Highway Lessons
- Hill Starts
- Driving Manual in Europe

Google Ads Improvements

Once landing pages are live, use them for:

- Sitelinks
- Price Assets
- Better Quality Score
- Higher conversion rates

Every Google Ads asset should point to its matching landing page.

Trust Elements

Throughout the site include:

- Google reviews
- Student testimonials
- Secure payment messaging
- Clear cancellation policy
- Real photos
- FAQs
- 'Most students arrive nervous...' messaging

Design Direction

Maintain the premium Clutch Academy brand:

- Red/white colour palette
- Modern typography
- Lots of whitespace
- Mobile-first
- Fast loading
- Clean, premium feel

Timeline

July 1–3

- Finalize sitemap
- Navigation
- Wireframes

July 4–7

- Homepage refresh
- About page rewrite
- Trust sections

July 8–13

- Build all package pages
- Add FAQs
- Add reviews

- Add CTAs

July 14–17

- SEO optimization
- Internal linking
- Metadata
- Technical QA

July 18–20

- Mobile testing
- Performance testing
- Final review
- Launch

Definition of Success

By July 20:

- Trust-focused About page complete.
- Dedicated landing pages for every package.
- SEO-optimized architecture.
- Strong conversion elements throughout.
- Foundation ready for future content marketing and Google Ads scaling.

Add a "Why Students Choose Clutch Academy" section

Simple icon grid:

- ✓ Calm, patient instruction
- ✓ One-on-one lessons
- ✓ Real Toronto roads
- ✓ Learn at your own pace
- ✓ Online booking & secure payment
- ✓ Hundreds of successful lessons taught

Add a “Why Learn Manual Driving”

In many parts of the world, learning to drive stick — also known as stick shift or manual — is actually just learning to drive.

While manual transmissions have become an increasingly uncommon part of Canadian culture, they’re still very prominent in most other parts of the world.

Knowing how to drive one could save your life one day.

Plus, it’s a much more engaging driving experience, opens you up to a lot more choices for your next car, and actually makes you a better driver as a whole, even with an automatic.

Most importantly: You’ll look cool doing it.

5. Add trust throughout the site

One thing I'd sprinkle everywhere is social proof.

For example on every package page:

☆ Rated 5.0 on Google

Hundreds of successful lessons taught.

Trusted by beginners across Toronto.
